# Geoteric EAGE 2020

---

At this year's digital EAGE we are excited to showcase our revolutionary seismic interpretation products, powered by artificial intelligence (AI): **Collaborative AI and Geoteric Stratum™**. Daily technical presentations will also run on our virtual booth followed by Q&A and a chance to speak to our experts directly

## Event Agenda

---

Wednesday 9<sup>th</sup> - Friday 11<sup>th</sup> December

14:30 - 14:45 CET

### **An Integrated Workflow For Geological Evaluation**

An overview of Geoteric's core workflow with brief insights into it's application across different global and geological settings.

**Owen Lee, SVP Global Sales, Geoteric**

14:45 - 15:15 CET

### **Artificial Intelligence Fault Interpretation Using 3D Seismic – Global Case Studies**

A case study led presentation focused how AI can enhance subsurface understanding and can be used to advance the traditional seismic interpretation workflow we know today.

**Lucy Plant, Regional Sales Manager - Americas, Geoteric**

15:20 - 15:50 CET

### **An Impartial Validation Of Fault Interpretation**

An independent and impartial perspective of Ithaca Energy's recent experience with using Geoteric's AI solutions.

**Dave Brett, Geophysicist, Ithaca Energy**
