

GeoTeriC Nordic Technology Forum

Agenda

We hope you enjoy the day and take away lots of useful GeoTeriC information from all of the presentations & discussions.

9:30	Registration	Arrival tea & coffee
10:00	Owen Lee, GeoTeriC	Introduction
10:15	Chris Han, GeoTeriC In collaboration with PGS	De-risking prospects offshore Brazil using a Cognitive Interpretation
10:40	Gaynor Paton, GeoTeriC	Redefine Your Seismic Interpretation with Adaptive Horizons and Faults
11:30	Lunch	
12:30	Tim Rady, Premier Oil	Using GeoTeriC's horizon packs to unravel the complex interplay between stacked, deep-water canyon systems in the Ceará Basin, Equatorial Brazil
12:55	Gustavo Lopes & Tore Amund Svånå, ExploCrowd	Geomorphologies in Permian – Carboniferous carbonates and evaporates in the SW Barents Sea revealed by spectral decomposition
13:20	Break	Tea & Coffee
13:45	Arne Kristoffer Norborg, Cegal	GeoTeriC in the cloud – In collaboration with Cegal
14:10	Chris Han, GeoTeriC	Calibration of frequency decomposition colour blends using forward modelling. Examples from the Scarborough Gas field, Offshore West Australia
14:35	Break	Tea & Coffee
14:55	Gaynor Paton, GeoTeriC	GeoTeriC in 2017 and Beyond
15:20	Owen Lee, GeoTeriC	Closing
15:30	Drinks Reception	Join us for refreshments
