

Geoteric Installation Guide

Windows installation

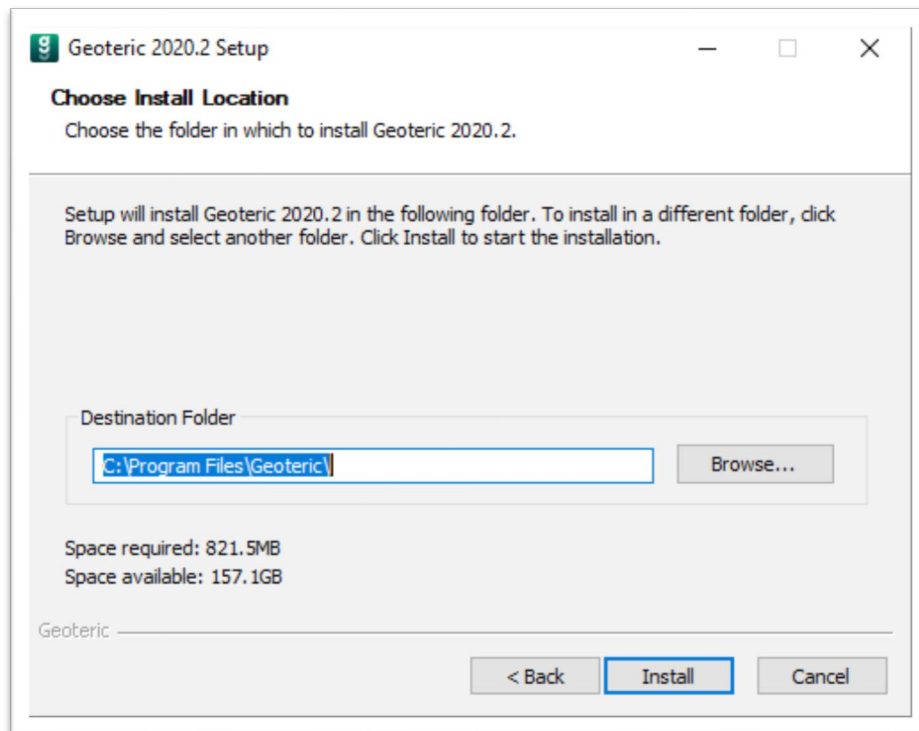

After downloading the Windows exe, double click on it to begin the installation wizard.

Click "Next>" for the License Agreement.

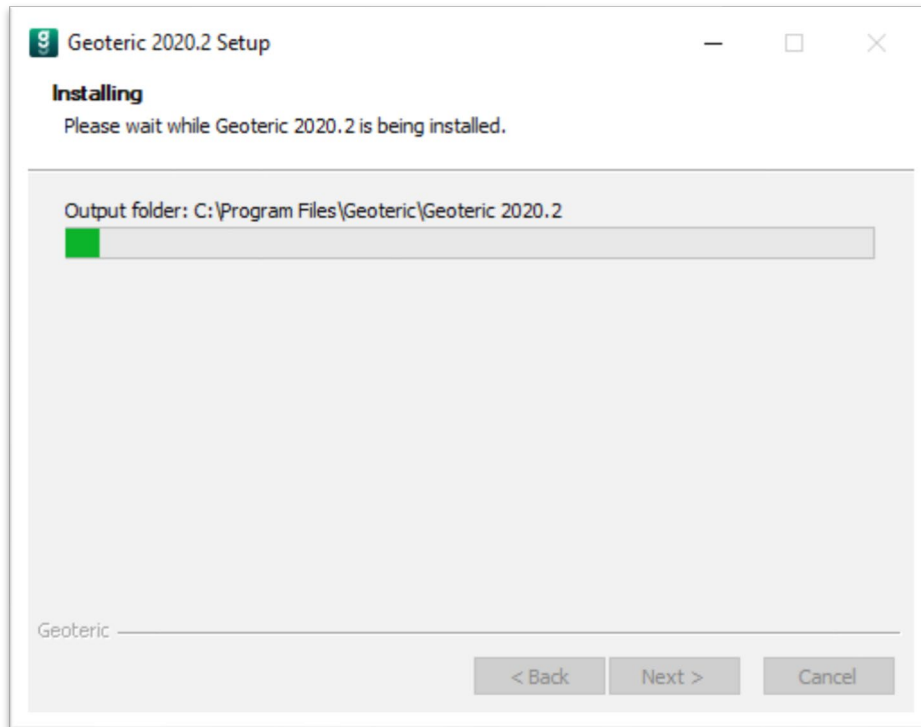

Click "I Agree" to agree to the license terms.

Click “Install” to install Geoteric to the default location or you can choose to install it in a different location by pressing “Browse...” and selecting a new location.

For information on starting and stopping the Collaborative AI service, please see the separate troubleshooting document.

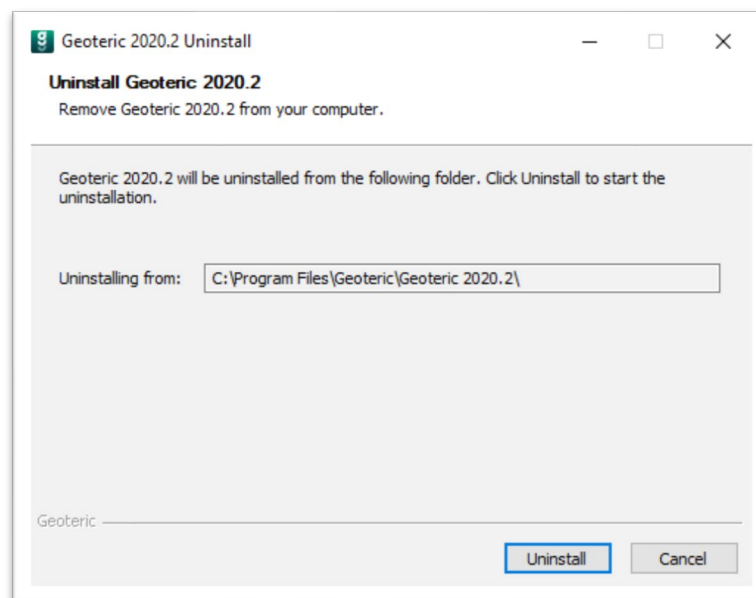

You will see the progress of the installation as files are copied.

Click "Finish" to complete the installation.

Uninstall

To uninstall Geoteric 2020.1, you will need to go into the Control Panel > Programs > Programs and Features and uninstall the "Geoteric 2020.1" from the program list.

Select the correct location for Geoteric installation, and then select "Uninstall". Following the progress bar which shows the progress of the uninstall operation, Geoteric 2020.2 will be uninstalled.
